Yes. The new file is now attached to the webpage. I see the sentences added, too. Thank you.

By the way, will you and/or Karen be in the office Monday afternoon or Tuesday morning next week?

Ryan, I just added the zip file, somehow I missed this email when I added the sentence to the page earlier. Can you confirm that the zip file is the as expected. As I explained in the message to Pat yesterday. It is difficult for me to spot the differences.

Attached is the updated zip file for sharing with the state at this time.

Please let me know when this is uploaded and I'll let Linda know.

FYI – the lab is planning to finalize reports on Monday, so we'll have to add info Monday or Tuesday.

Can you add these two sentences to the bottom above "Documents" . 'EPA continues to evaluate data collected during the April 30 to May 3, 2018 sampling event. As analyses are finalized, they will be made available on this website.'

I'm still working on the zip file. I'll send that as soon as its ready.

Jennifer, Karen,
Are you in today? We are working on an additional sentence to add to the webpage for the northeast Juneau County investigation and we have a change to the zip file that we are working on.
